WHY WORK WITH THE BUSINESS TRIAL GROUP?

BE ON A WINNING TEAM

We have recovered tens of millions of dollars on behalf of our clients. Our attorneys are skilled at taking complex cases to trial, and have an established track record of success.

WORK WITH EXPERIENCED BUSINESS LITIGATORS

We provide the work product you expect from a top-tier corporate firm. In fact, many of our attorneys have honed their craft at prominent national and international law firms.

HAVE THE RESOURCES TO TAKE ON ANY OPPONENT

We take on the most complex cases and well-funded adversaries. Whether it comes to staffing, technical experts, or our sophisticated document management system, we strive to give our clients an edge.

ONLY PAY FOR RESULTS

We practice business litigation solely on a contingency-fee basis, so our compensation is directly tied to our client's success. Our clients pay no attorneys' fees unless we prevail.

DELIVERING SUCCESS FOR OUR CLIENTS

NEARLY \$10 MILLION RECOVERY FOR PROFESSIONAL MALPRACTICE AND SECURITIES CLAIMS

We represented investors who, based on the defendants' misrepresentations and inadequate diligence, were induced to make a significant investment in exchange for stock in a soon-to-be public company. We utilized our resources and expertise to recover nearly \$10 million.

\$7.3 MILLION JUDGEMENT FOR COMMUNITY ASSOCIATION

We represented a community association of more than 500 homeowners that had been fighting to fix their roadways and drainage systems for years.

We took over the case midway through the litigation, and after a three-week trial, a jury awarded the cost of repairing the roadways and drainage systems plus pre-judgement interest.

\$14.5 MILLION JURY VERDICT IN COMPLEX SHAREHOLDER DISPUTE

We represented an investor in a commercial real estate venture who had been the victim of a corporate "squeeze-out" by the majority partner. The multi-party case involved claims for fraud, breach of fiduciary duty, and breach of contract. The Group's resources allowed our client to go toe-to-toe with a far wealthier opponent for more than four years of litigation and win a jury verdict for \$14.5 million.
